We are helping prevent sewer flooding in Glasgow.

This work is planned to take place from
Monday 16th October

How this may affect you

We are carrying out work in your area to improve the sewer network and help prevent sewer flooding in Glasgow.

For the first phase in Toryglen, we need to carry out work on Aikenhead Road from Curtis Avenue to Curling Crescent. This will be reduced to one lane with temporary traffic lights in place to manage traffic flow and enable us to work safely. Traffic management and diversion routes, clearly signposted for all road users, are expected to be in place for about 2 months.

Pedestrian access along Aikenhead Road will not be affected, and all local businesses will still be open as usual while we are working.

All road users are advised to allow extra time for journeys. Sorry for any inconvenience this essential work may cause.

Thank you for your patience.
