

NOISE

For the duration of concerts taking place at the stadium, monitoring of noise levels to the licenced limits will take place in the local area. Glasgow City Council staff will also be present and will be working with the promoters in the control and management of noise levels. Some performance and noise associated vibrations may be experienced in the surrounding areas. In addition to this, some of the artists may use stage effects that make sounds similar to fireworks being set off.

Should you have any concerns about noise please call: 0141 620 4043
